

IEEE Conference on Engineering Informatics

VICTORIAN HYDROGEN HUB

Sponsored and Supported By

### Areas of Interest

- Metaverse
- Standards on Metaverse
- Digital design and manufacturing
- Industrial Internet of Things (IIOT)
- Big data
- Augmented Reality (AR) & Virtual Reality (VR)
- Industry 4.0 & Industry 5.0
- Quantum Artificial Intelligence
- Machine learning and deep learning
- Human-Computer Interface (HCI)
- Digital Construction
- Critical Infrastructure
- Digital Engineering
- Green Energy
- Transportation and Automotive

# IEEE Conference on Engineering Informatics 2025

Focuses on emerging fields such as Extended Reality, Industrial IoT, and the Metaverse, combining both Industry 4.0 and Industry 5.0.

Scan to Register

**Date** : 3<sup>rd</sup> and 5<sup>th</sup> November

**Venue** : Swinburne University of Technology

**Location** : Hawthorn, Victoria, Australia

**Scopus Indexed**  
**IEEE Xplore**

**Extended Papers To IEEE Engineering Management Review**  
ISSN : 03608581  
Impact Score : 4.65

### THE CONFERENCE OFFERS :

- INDUSTRY SHOWCASES
- NETWORKING
- ESTEEMED KEYNOTE SPEAKERS
- BEST PAPER AWARD
- SELECTED PAPER PUBLISHED IN HIGH IMPACT JOURNALS

**Attention !!!**  
**Students at \$100 only.**  
**Swinburne Academic Scholars at \$400 only**
